About this document

This document contains version 2007.1 of the National 7(a) Authorization Boilerplate ("Boilerplate"). The Boilerplate contains the mandatory national standard language for all SBA authorizations except the national Export Working Capital Program (EWCP), CAPLines, and 504 Loans (which have separate boilerplates) and SBA *Express*.

About the "7a Wizard"

The 7a Wizard, sometimes referred to as "Wizard," was automated using Microsoft Word and has been designed to run in Word 2003 (11). The Wizard is compatible to a limited degree with Word 2000 (9) and Word 2002 (10). SBA cannot effectively support compatibility issues relating to versions of Word other than Word 2003 (11).

SBA upgraded to Word 2003 (11) during 2006. Version "2007.1" of the 7a Wizard has been programmed in Visual Basic for Applications (VBA). Changes to the Wizard and Boilerplate are outlined in the **What's new in this version?** section below.

Together, the Boilerplate and the Wizard constitute the "Authorization." The Wizard is a technical tool intended to make it easier for SBA Loan Officers and lenders to create authorizations based on the Boilerplate. It is not an expert system with lots of checks and balances. Use of the Wizard or any other automation tool does not release lenders from their responsibility to ensure that the authorizations they create comply with the Boilerplate.

Below is the list of 7a Wizard sections with their location in the Boilerplate:

The latest version of the Authorization can be obtained from the SBA web site at <http://www.sba.gov/banking> or from any local SBA Office.

Format Conventions

All comments, references and instructions in the sections titled "Boilerplate" and "Appendix A" are located in shaded areas (gray or blue shade). All non-shaded areas in these two sections and Appendix A constitute the standardized text itself.

Text appearing in brackets [] must be completed, for instance:

[Name]—must be replaced by a name in the final authorization;

[Amount]—must be replaced by a \$ amount;

[OPTION—This sentence is optional]—Optional text—can be inserted or not;

[SELECT—this text—OR—that text]—User must select one of the available options;

[SELECT—First, Second, Third, Fourth, Fifth]—User must select one of the listed items;

[Write Your Own]—User can insert own text

Paragraphs will be renumbered depending on which options are selected. All other comments should be self-explanatory.

Operational Reminders:

- Names and addresses may be saved by right-clicking in any textbox after initial entry. Names and addresses may be retrieved by right-clicking in an empty textbox.
- Assure that the Windows in Taskbar option is turned off (Tools | Options | Windows in Taskbar -- uncheck) as well as Smart cut and paste (Tools | Options | Edit).
- Please review the Wizard Settings Fact Sheet (WizardFacts.doc), available on the 7a Wizard website and located in your templates directory after installation, for recommended optimal Word settings.

What's new in this version?

This section highlights the major differences between version 2006, version 2007, and version 2007.1 of the Boilerplate and Wizard. This listing can also be found during operation of the Wizard in the "What's New" section of the 7a Wizard Help topics, which is available from the 7a Wizard menu.

Version 2007.1, released 3/7/2007

Modifications to the 7a Wizard 2007.1 version include:

Flood Insurance: The entire Flood Insurance paragraph has been replaced. See "Flood Insurance" below for the new paragraph (includes original 2006, 2007, and new 2007.1 text versions).

Loan Information: Programming changes corrected a coding problem with EPC and Operating Company options.

Use of Proceeds: Programming changes were made to correct the clearing of completed Use of Proceeds items in the document.

Construction: Programming changes were made to ensure that the correct paragraphs were appearing.

Loan Information, Repayment Terms, Use of Proceeds, Collateral Conditions, Additional Conditions I and Additional Conditions II

Programming code underlying the 7a Wizard has been modified to require that initially each section is completed in the proper order. That is, Loan Information must be completed before Repayment Terms, and Repayment Terms must be completed before Use of Proceeds. This change was made to assure Wizard events occur in the proper sequence. Remember that modifications to one section can affect the values in subsequent sections. Therefore, you should follow this order whenever you make substantive changes to an authorization section and verify that the 7a Wizard has made the appropriate corresponding changes to the other authorization sections.

Loan Information

A. Guarantee Fee section

- A new option has been added to reflect the CAIP approval requirement. The new paragraph reads as follows:

CAIP Approval (MANDATORY for CAIP Applications)

Guarantee Fee payment by U.S. Community Adjustment and Investment Program (CAIP). SBA Notices 5000-530 and 5000-657. CAIP Finance Committee approval required. SBA Notice 5000-971. **NOTE: CAIP cannot be used for PLP loans.**

Payment of the guarantee fee by North American Development Bank (NADBank) is subject to the approval of the CAIP Finance Committee. If the Committee does not authorize payment by NADBank, then responsibility for the fee will remain as otherwise stated in this Authorization. SBA requires Lender to pay the guarantee fee up front as normally required for standard SBA loans. If a CAIP application is officially approved by the CAIP Finance Committee, SBA will reimburse Lender for the guarantee fee, and Lender then must reimburse any portion of the fee previously passed on to Borrower.

B. Ongoing Servicing Fee section

- The ongoing servicing fee has been set to a default of 0.550, effective October 1, 2006. This value can be modified by the user when advised by SBA that there is a change in the ongoing servicing fee.

D. Required Forms, paragraphs D.1 and D.3

- Paragraph D.1, Required Forms, form "SBA Form 159, Compensation Agreement, for each representative" has been replaced with "SBA Form 159 (7(a)), Compensation Agreement, for each required representative".
- Paragraph D.3 has been modified to include the reference to the SBA Form 159 (7(a)) as follows:

"3. Lenders must submit completed SBA Forms 159 (7(a)) for non-PLP loans to the SBA immediately after final disbursement."

E.8.a. Construction Provisions

- The Building Standards paragraph has been modified by removing a portion of the paragraph referring to specific alternate building codes and by modifying a portion to indicate examples of acceptable evidence of compliance. The paragraph has been modified from:
 - a. **Building Standards**—In the construction of a new building or an addition to an existing building, the construction must conform with the "National Earthquake Hazards Reduction Program Recommended Provisions for the Development of Seismic Regulations for New Buildings" (NEHRP), or a building code that SBA has identified as having substantially equivalent provisions. Lender must obtain from Borrower evidence of compliance with these requirements. The evidence must be either a certificate issued by a licensed building architect, construction engineer or similar professional, or a letter from a state or local government agency stating that an occupancy permit is required and that the local building codes upon which the permit is based include the Seismic standards.

to:

- a. **Building Standards**—In the construction of a new building or an addition to an existing building, the construction must conform with the "National Earthquake Hazards Reduction Program Recommended Provisions for the Development of Seismic Regulations for New Buildings" (NEHRP), or a building code that SBA has identified as having substantially equivalent provisions. Lender must obtain from Borrower evidence of compliance with these requirements. Examples of evidence include a certificate issued by a licensed building architect, construction engineer or similar professional, or a letter from a state or local government agency stating that an occupancy permit is required and that the local building codes upon which the permit is based include the Seismic standards.
- In addition, the balance of paragraph E.8.a. describing building codes substantially equivalent to NEHRP has been removed. Paragraph E.8.b. remains the same.

H. Collateral Conditions

- A Georgia Mandatory state-specific provision, which must appear in all guarantees signed by Georgia residents (SBA Form 148 or 148L), has been added as follows:

"The undersigned Guarantor hereby waives the right to require the Holder of the obligations hereby guaranteed to take action against the debtor as provided for in O.C.G.A. 10-7-24."
- The California Mandatory state-specific provision has been modified with the addition of the word "guarantor" so that the introductory paragraph now reads:
- **"California Mandatory Provision**—The following language must appear in a guarantee if the guarantor, any Borrower or any real estate is located in California:"

Additional Conditions I

I.1.a. Flood Insurance

- The Flood Insurance paragraph has been modified in its entirety to more closely comport with FEMA requirements. The paragraph has been modified

from (2006 version):

 - a. **Flood Insurance.** If FEMA Form 81-93 reveals that any portion of the real property, equipment, fixtures or inventory that is collateral for the loan is located in a special flood hazard area, Lender must require Borrower to obtain Federal flood insurance, or other appropriate special hazard insurance, in amounts equal to the lesser of the insurable value of the property or the maximum limit of coverage available. Insurance coverage must contain a MORTGAGEE CLAUSE/LENDER'S LOSS PAYABLE CLAUSE (or substantial equivalent) in favor of Lender. (Borrower will be ineligible for any future SBA disaster assistance or business loan assistance if Borrower does not maintain any required flood insurance for the entire term of the Loan.)

to (2007 version):

 - a. **Flood Insurance.** If FEMA Form 81-93 reveals that any portion of a building that is collateral for the Loan is located in a special flood hazard area, Lender must require Borrower to obtain flood insurance under the NFIP in amounts equal to the lesser of the insurable value of the property or the maximum limit of coverage available. If equipment, fixtures, or inventory that is collateral for the Loan is located in a building that is in a special flood hazard area, and the building is owned by the Borrower, Lender must also require Borrower to obtain flood insurance under the NFIP on these assets in amounts equal to the lesser of the insurable value of the property or the maximum limit of coverage available. Insurance coverage must contain a MORTGAGEE CLAUSE/LENDER'S LOSS PAYABLE CLAUSE (or substantial equivalent) in favor of Lender. This clause must provide that any act or neglect of the debtor or owner of the insured property will not invalidate the interest of Lender and SBA. (Borrower will be ineligible for any future SBA disaster assistance or business loan assistance if Borrower does not maintain any required flood insurance for the entire term of the Loan.)

to (2007.1 version):

- a. **Flood Insurance.** Based on the Standard Flood Hazard Determination (FEMA Form 81-93):
- (1) If any portion of a building that is collateral for the Loan is located in a special flood hazard area, Lender must require Borrower to obtain flood insurance for the building under the NFIP.
 - (2) If any equipment, fixtures, or inventory that is collateral for the loan (“Personal Property Collateral”) is in a building that is located in a special flood hazard area and that building is collateral for the Loan, Lender must require Borrower to also obtain flood insurance for the Personal Property Collateral under the NFIP.
 - (3) If any equipment, fixtures, or inventory that is collateral for the loan (“Personal Property Collateral”) is in a building that is located in a special flood hazard area and that building is not collateral for the Loan, Lender must require Borrower to obtain available flood insurance for the Personal Property Collateral. Lender may waive the requirement for flood insurance for the Personal Property Collateral when the building is not collateral for the Loan, provided that lender uses prudent lending standards. The waiver must include a written justification that must be kept in the loan file. The justification must fully explain why flood insurance is not economically feasible or, if flood insurance is not available, the steps taken to determine that it is not available.

Insurance coverage must be in amounts equal to the lesser of the insurable value of the property or the maximum limit of coverage available. Insurance coverage must contain a MORTGAGEE CLAUSE/LENDER'S LOSS PAYABLE CLAUSE (or substantial equivalent) in favor of Lender. This clause must provide that any act or neglect of the debtor or owner of the insured property will not invalidate the interest of Lender and SBA. (Borrower will be ineligible for any future SBA disaster assistance or business loan assistance if Borrower does not maintain any required flood insurance for the entire term of the Loan.)

I.2.a. Environmental Requirements

- The reference box (gray shaded) has been modified to reflect changes required by SBA Procedural Notice 5000-1002. The box now reads:

SOP 50-10(4), pg. 118, Subpart "A", Chapter 5, Paragraph 7(b)(10)—Primary Collateral Definition; pg. 115 - 128-2, Subpart "A", Chapter 5, Paragraph 7—SBA Environmental Policy
All references to SOP 50-10(4) include successor SOP provisions.

Phase I Site Assessments must meet SBA requirements as to All Appropriate Inquiry compliance described in SBA Procedural Notice 5000-1002 (November 9, 2006), and any subsequent SBA notices and SOP updates on this issue.

I.4.h. Agreement of Franchisor

- The Agreement of Franchisor shaded comment box in the 7a Boilerplate has been modified to clarify the circumstances when the Agreement of Franchisor options should be selected. The comment box now reads:

Agreement of Franchisor (OPTIONAL)

SOP 50-10(4), pg. 112-13, Subpart "A", Chapter 5, Paragraph 6f.

Note: Each option within the Agreement of Franchisor (options (1) to (4)) is optional. The Agreement of Franchisor is NOT mandatory for all franchises, nor is any of the 4 individual conditions. Each should be included only as the circumstances of a particular franchise loan approval may require.

I.5.d. Asset Injection

- The Asset Injection paragraph has been modified to include a description of the assets injected. The paragraph has been modified from:
 - d. **Asset Injection**—Assets with a fair market value of not less than \$[Amount] have been injected into the business as equity capital.

to:

- d. **Asset Injection**—Assets described as **[Description]** with a fair market value of not less than **[\$Amount]** have been injected into the business as equity capital.

Appendix B, State-specific Options in the Standard Collateral Conditions

- The Iowa state-specific options included option "(8) Survey, certified to Lender, is required, or prior survey and affidavit of no change acceptable to Lender." This option has been removed as the use of surveys is *not* standard practice in Iowa, and this provision is *not* used on loan authorizations in Iowa.
- The North Dakota state-specific options did not include "(1) ALTA Loan Policy insuring lender and assigns." This option has been added for use in loan authorizations in North Dakota.

Lender / SBA Information

CFR 120.10—Definition of Authorization states that the Authorization is not a contract to make a loan. The Authorization is not a Loan Agreement. It is intended to provide Lender with the specific conditions which must be met for SBA to provide a guarantee of the loan Lender is making to Borrower. It is not a contract to loan money, and Borrower is not a third party beneficiary of the Authorization. SBA does not lend money to Borrower and cannot force Lender to make a loan to Borrower based on the Authorization.

GUARANTEE FEE

For 7a Wizard users: The 7a Wizard automatically inserts the appropriate paragraph below based on the maturity period specified in F.1. **Note:** If two 7(a) loans are approved to the same borrower within 90 days, you must calculate the guarantee fee on the second loan manually. See SBA Information Notice 5000-802.

A. THE GUARANTEE FEE IS \$[Amount].

Insert the following two paragraphs if maturity is more than 12 months

Lender must pay the guarantee fee within 90 days of the approval date of this Authorization. Failure to timely pay the guarantee fee will result in cancellation of the SBA guarantee. The 90-day deadline may not be extended. Lender must send the guarantee fee to the Small Business Administration, Denver, CO 80259-0001. The remittance check must show the Loan number. No part of the guarantee fee is refundable if Lender has made any disbursement. Lender may collect this fee from Borrower after initial disbursement of Loan. Borrower may use Loan proceeds to reimburse Lender for the guarantee fee.

For loans of \$150,000 or less, Lender may retain 25% of the guarantee fee but must remit the remainder to SBA.

Insert the following paragraph if maturity is 12 months or less

Lender must have paid the guarantee fee prior to SBA signing this Authorization. Any Lender with authority to sign this Authorization on behalf of SBA certifies that it has paid the guarantee fee to the Small Business Administration prior to signing this Authorization. No guarantee exists if Lender has not timely paid the guarantee fee in full. SBA will not refund the guarantee fee after the date of this Authorization except as provided in SBA Standard Operating Procedures. Payment of the guarantee fee is not contingent upon disbursement. Lender may collect this fee from Borrower upon receipt by Lender of the Authorization. Borrower may use Loan proceeds to reimburse Lender for the guarantee fee.

CAIP Approval (MANDATORY for CAIP Applications)

Guarantee Fee payment by U.S. Community Adjustment and Investment Program (CAIP). SBA Notices 5000-530 and 5000-657. CAIP Finance Committee approval required. SBA Notice 5000-971. **NOTE: CAIP cannot be used for PLP loans.**

Payment of the guarantee fee by North American Development Bank (NADBank) is subject to the approval of the CAIP Finance Committee. If the Committee does not authorize payment by NADBank, then responsibility for the fee will remain as otherwise stated in this Authorization. SBA requires Lender to pay the guarantee fee up front as normally required for standard SBA loans. If a CAIP application is officially approved by the CAIP Finance Committee, SBA will reimburse Lender for the guarantee fee, and Lender then must reimburse any portion of the fee previously passed on to Borrower.

- (3) If the [**prime rate/SBA Optional Peg Rate**] decreases between those dates, the difference between the [**prime rate/SBA Optional Peg Rate**] on those two dates will be subtracted from the ceiling rate calculated in (1) above.

The following must always appear in variable or split rate loans

SOP 50-10(4), pg. 210, Subpart "B", Chapter 1, Paragraph 10.

Lender must adjust the payment amount at least annually as needed to amortize principal over the remaining term of the note.

If SBA purchases the guaranteed portion of the unpaid principal balance, the interest rate becomes fixed at the rate in effect at the time of the earliest uncured payment default. If there is no uncured payment default, the rate becomes fixed at the rate in effect at the time of purchase.

The following paragraph must appear in all loans.

Loan Prepayment:

Notwithstanding any provision in this Note to the contrary:

Borrower may prepay this Note. Borrower may prepay 20 percent or less of the unpaid principal balance at any time without notice. If Borrower prepays more than 20 percent and the Loan has been sold on the secondary market, Borrower must:

- a. Give Lender written notice;
- b. Pay all accrued interest; and
- c. If the prepayment is received less than 21 days from the date Lender receives the notice, pay an amount equal to 21 days' interest from the date lender receives the notice, less any interest accrued during the 21 days and paid under subparagraph b., above.

If Borrower does not prepay within 30 days from the date Lender receives the notice, Borrower must give Lender a new notice.

The following paragraph must always appear in loans with a maturity of 15 years or more.

- a. During the first year after the date of initial disbursement, 5% of the total prepayment amount;
- b. During the second year after the date of initial disbursement, 3% of the total prepayment amount; and
- c. During the third year after the date of initial disbursement, 1% of the total prepayment amount.

THE FOLLOWING PARAGRAPH MUST APPEAR IN ALL LOANS

Late Charge: If a payment on this Note is more than **[number of days (10 days minimum)—default is 10]** days late, Lender may charge Borrower a late fee of up to **[percent—default is 5]**% of the unpaid portion of the regularly scheduled payment.

Option 2—Net Earnings Recapture Clause Option

Note: when it is determined that this clause is necessary, it is recommended that the ‘limitation of compensation’ clause option be exercised. Otherwise, it is feasible for owner compensation to be adjusted to offset any requirements to prepay the loan.

Borrower must also pay, as a prepayment, an amount equal to **[SELECT—[Percent]%** of Borrower's ‘net earnings’—**OR—**Borrower’s ‘net earnings’ over \$**[Amount]**]. This payment is due within 90 days of each of Borrower’s subsequent fiscal year ends, commencing with the date of the Note. ‘Net earnings’ is defined as net profit after tax plus depreciation less all principal payments paid on all indebtedness of Borrower at the time of application.

Option 3—State Interest Rate Reduction Option

If Borrower no longer qualifies for the **[Name of program—same as above]** or is in default under the terms of this Note, then the interest rate and payment will revert to the interest rate and payment specified above.

SOP 50-10(4), pg.106-109, Subpart "A", Chapter 5, Paragraph 6(b)—SBA Flood Insurance Requirements. Note: The SBA will require flood insurance on personal property collateral even when the real estate where the property is located is not collateral but is in a flood area.

- a. **Flood Insurance.** Based on the Standard Flood Hazard Determination (FEMA Form 81-93):
- (1) If any portion of a building that is collateral for the Loan is located in a special flood hazard area, Lender must require Borrower to obtain flood insurance for the building under the NFIP.
 - (2) If any equipment, fixtures, or inventory that is collateral for the loan ("Personal Property Collateral") is in a building that is located in a special flood hazard area and that building is collateral for the Loan, Lender must require Borrower to also obtain flood insurance for the Personal Property Collateral under the NFIP.
 - (3) If any equipment, fixtures, or inventory that is collateral for the loan ("Personal Property Collateral") is in a building that is located in a special flood hazard area and that building is not collateral for the Loan, Lender must require Borrower to obtain available flood insurance for the Personal Property Collateral. Lender may waive the requirement for flood insurance for the Personal Property Collateral when the building is not collateral for the Loan, provided that lender uses prudent lending standards. The waiver must include a written justification that must be kept in the loan file. The justification must fully explain why flood insurance is not economically feasible or, if flood insurance is not available, the steps taken to determine that it is not available.

Insurance coverage must be in amounts equal to the lesser of the insurable value of the property or the maximum limit of coverage available. Insurance coverage must contain a MORTGAGEE CLAUSE/LENDER'S LOSS PAYABLE CLAUSE (or substantial equivalent) in favor of Lender. This clause must provide that any act or neglect of the debtor or owner of the insured property will not invalidate the interest of Lender and SBA. (Borrower will be ineligible for any future SBA disaster assistance or business loan assistance if Borrower does not maintain any required flood insurance for the entire term of the Loan.)

Real Estate Hazard Insurance (MANDATORY for real estate collateral)

If full replacement cost insurance is not available, coverage should be for maximum insurable value. Insurance coverage must contain a **MORTGAGEE CLAUSE** (or substantial equivalent) in favor of Lender. This clause must provide that any act or neglect of the mortgagor or owner of the insured property will not invalidate the interest of Lender. The policy or endorsements must provide for at least 10 days prior written notice to Lender of policy cancellation.

Personal Property Hazard Insurance (MANDATORY for personal property collateral)

13 CFR 120.160(c)/SOP 50-10(4), pg. 105, Subpart "A", Chapter 5, Paragraph 4—SBA Policy on Hazard Insurance.

If full replacement cost insurance is not available, coverage should be for maximum insurable value. Insurance coverage must contain a **LENDER'S LOSS PAYABLE CLAUSE** in favor of Lender. This clause must provide that any act or neglect of the debtor or owner of the insured property will not invalidate the interest of Lender. The policy or endorsements must provide for at least 10 days prior written notice to Lender of policy cancellation.

Full Marine Insurance (OPTIONAL)

- d. **Full Marine Insurance** coverage in the amount of the full insurable value on the following vessel(s): [**List of insured Vessels**]; with Lender designated as "Mortgagee". The policy must contain a Mortgagee clause providing that the interest of Lender will not be invalidated by any: (1) act, omission, or negligence of the mortgagor, owner, master, agent or crew of the insured vessel; (2) failure to comply with any warranty or condition out of mortgagee's control; or (3) change in title, ownership or management of the vessel. Frequently-Asked Questions (FAQ's)

This appendix is a compilation of frequently asked questions (FAQ's) relating to the Boilerplate. For questions relating to the operation of the Wizard, refer to the FAQ section of the "7a Wizard Help Topics" available from the 7a Wizard menu.

What should you do if you don't find the answer to your question in this FAQ?

Additional FAQ's published after the release date of this document will be posted on [SBA's intranet](#) and banking web site (<http://www.sba.gov/banking>).

SBA has created an Exchange Mailbox - "Auth-7a" to receive and respond to questions raised by SBA employees. SBA employees should first submit questions, comments and suggestions through their supervisory financing personnel or counsel, who may be able to resolve the issue locally.

Lenders should submit comments and suggestions through their local SBA office.

1. Why was the Authorization changed so that it is no longer a Loan Agreement?

Under SBA regulations, the Authorization is not an agreement to lend money (see 13 CFR 120.10). The Authorization is intended to provide the lender with specific conditions which must be met for SBA to provide a guaranty of the loan the lender is making to the borrower. It is not a contract between SBA and the borrower, and the borrower is not a third party beneficiary of the Authorization. SBA is not lending money to the borrower and SBA cannot force a lender to make a loan to any borrower, even if the borrower complies with the terms of the Authorization. The borrower and operating company do not sign the Authorization. The change in focus reflects these SBA policies.

The requirements of the Authorization are directed to the lender. SBA is not directing borrowers to meet certain requirements. SBA directs lenders to obtain the information, documents, and certifications from the borrowers necessary to meet SBA's requirements for a guaranty. When a lender requests that SBA honor its guaranty, SBA requires the lender to present evidence that the loan was properly closed in accordance with the Authorization and serviced and liquidated according to SBA policies. Lenders are responsible for meeting SBA requirements and the focus of the Authorization emphasizes this SBA policy.

2. Does SBA require a loan agreement? What sample form can lenders use for borrower's certifications?

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C. of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents. SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications. Lenders are provided with a sample form, Borrower's Certification (2 pages - see Appendix D), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement. Lenders are also provided with a sample Loan Agreement form (1 page - see Appendix D) which they may use. SBA is leaving the issue of whether a loan agreement is required, and what form it should take, up to the lender, but SBA does require that necessary borrower's certifications be made in writing.

3. What if Authorization provisions conflict with SOP 50-10?

If you discover an apparent conflict, please send an e-mail to "Auth-7a" mailbox describing the conflict and stating the SOP paragraph and the authorization paragraph which you believe conflict. You must continue to use the Boilerplate. The Boilerplate reflects current SBA policy. OGC and OFA have reviewed and approved the Boilerplate. The Boilerplate is considered an Appendix to SOP 50-10(4). The Boilerplate will be updated from time to time to reflect policy changes in subsequent regulations, Notices, or SOPs.

4. How will subsequent modifications to the Authorization be distributed to the field?

The Authorization will be modified periodically to address state-specific issues, implement policy changes, and correct "glitches".

Future updates to the Authorization will be available at <http://www.sba.gov/banking>. OCIO will download copies automatically to each processing office's LAN with notification via SBA information channels. SBA offices also will be able to obtain the files from the above web site or via [SBA's Intranet](#).

Lenders should check the SBA web site or with their local SBA office periodically to insure they have the latest version of the Authorization. Once SBA releases a new version, there will be a 30-day grace period to begin using the new version. If you are using the Wizard, the version is printed in the footer of each authorization document, or the version can be seen by selecting the 'About 7a Wizard' option in the 7a Wizard menu. It is also printed on the first page of the Boilerplate.

5. Can you include additional forms in section "D. Required Forms"?

The Boilerplate lists all SBA required forms. (The 7a Wizard automatically adds SBA Forms 148 and 601 when applicable.)

The SBA Deed of Trust and Mortgage are no longer required forms. Lenders may use their own lien instruments, which must comply with legal requirements and prudent lending practices. If they do, they must add to all lien instruments the federal law and arbitration provisions required in the Collateral section of the Authorization. This language must also be added to the SBA Deed of Trust and Mortgage forms if the lender chooses to use these forms. The federal law provisions stating that the lien instrument is to be construed in accordance with federal law if SBA is enforcing the Note protects SBA if the lender assigns its loan documents to SBA for enforcement. The arbitration clause is necessary to protect SBA from binding arbitration clauses found in some local forms.

The SBA Standby Creditor's Agreement also is no longer a required form. Lenders may use the revised Form 155 or a substantially equivalent form. The Revised Form 155 is available on [SBA's Intranet](#), and on the SBA internet banking site at <http://www.sba.gov/banking>.

SBA offices may not require lenders to use any local forms.

6. Why doesn't SBA instruct lenders how to obtain insurance, perfect liens or meet other requirements in the Authorization?

The Authorization gives a lender the requirements that must be met for SBA to guarantee a loan. It does not instruct the lender how specifically to meet those requirements. As lenders, they are responsible for knowing how to properly close loans, secure collateral, and obtain and perfect the required lien position. A lender and SBA sign a Loan Guaranty Agreement, SBA Form 750, that provides the general requirements the lender must meet for SBA to guarantee loans at lender's request. SBA lenders must follow SBA's regulations and SOP requirements. They are held to a prudent lender standard.

7. Why doesn't the Authorization specify how to perfect a lien for each piece of real estate taken as collateral or specify which signatures a lender must obtain for rental property ?

The Boilerplate notifies lenders that they must obtain "the signature or written consent of any obligor's spouse if such consent or signature is necessary to bind the marital community or create a valid lien on marital property." SBA holds lenders responsible for knowing how to create and properly perfect a lien on property required by the Authorization. The Authorization gives a lender the requirements that must be met for SBA to guarantee the loan between the lender and the borrower. It does not instruct the lender on how to meet those requirements. The lender, not SBA, must determine the legal ownership of a piece of real estate and determine what signatures must be obtained to create enforceable documents.

An SBA office may give lenders a Closing Checklist addressing local requirements and provide closing guidelines. Samples of Closing Checklists used in several offices are available on [SBA's Intranet](#).

8. Why are machinery, furniture and business assets not collateral categories in the lien provisions?

The Boilerplate provisions for personal property collateral use the defined terms in the Uniform Commercial Code (Code) for property categories. The Code states which types of property fall into each category. Machinery, furniture and business assets are included in one or more of the defined collateral categories. For example, machinery and furniture are defined as equipment under the Code. If you cannot determine the appropriate option(s), consult with counsel.

9. May I write my own repayment terms, or use local lender terms and skip the standard repayment terms?

You may not replace the standard repayment terms in the Authorization with lender-specific or office-specific language. This includes the terms related to initial adjustment of the interest rate on variable rate loans. All authorized 7a loan options have been provided. The language has also been approved as acceptable to the secondary market. If there is a need for a specific term for a particular loan that is not in the Boilerplate, you and the SBA counsel should work together to draft a provision for use in that specific case.

Colson, NAGGL, several national PLP lenders, and other lenders have reviewed and commented on the repayment provisions. Their comments were taken into account in drafting the terms in the Boilerplate and certain options were added in response to lenders' concerns.

10. Why doesn't the Authorization require lenders to use the low prime published in the Wall Street Journal?

The Wall Street Journal now only publishes one prime rate. This rate is based on the corporate loan rate charged by 75% of the nation's 30 largest banks.

11. Can I remove the extraneous documents in the "Borrower, Guarantor and Operating Company Documents" section?

No. The Authorization intentionally lists documents required for all types of legal entities. Borrowers, Guarantors and Operating Companies frequently change their legal structures between the time the authorization is issued and the loan is closed. The list tells a lender what is required for each entity and accommodates changes in organization that are made before closing. Lenders should inform SBA of any changes and should submit material changes for SBA review and approval.

12. Why does the Authorization have the SBA Logo instead of the SBA Seal?

SBA Headquarters selected the Logo instead of the Seal. All revised SBA documents will use this Logo at the top of the document.

13. Why was the Administrator's name omitted from the SBA signature block?

The Authorization is signed on behalf of the "Administrator", whomever that may be at the time. The name is not a necessary part of the official document. Eliminating the name avoids changing the document when there is a new Administrator.

14. How is the SBA Loan Name determined?

Choose the first available name from this list:

- a. dba of the Operating Company
- b. name of the Operating Company
- c. dba of the Borrower
- d. name of the Borrower

In the case of multiple borrowers or operating companies, apply the same rule, using the first operating company or borrower listed by the Loan Officer.

15. What is SBA's Environmental Policy?

SBA's Environmental Policy is in SOP 50-10(4), pg. 113-128, Subpart "A", Chapter 5, Paragraph 7. Lenders must be familiar with this policy. Basic environmental conditions are set forth in the Boilerplate. Lenders should consult with the local SBA office where the real property is located to ascertain any state or local requirements to be added to the authorization. Except for PLP loans, a lender must submit the results of the Environmental Investigation to the SBA. If it is not submitted to the processing office at the time of application, then it must be submitted to the SBA office identified in the authorization prior to disbursement. Except for PLP loans, a lender must not disburse a loan until SBA has reviewed the results of the investigation and is satisfied that the risk of potential environmental contamination has been sufficiently minimized. PLP lenders must comply with the environmental provisions of the SOP in conducting the environmental investigation and reaching a conclusion that the risk of contamination is sufficiently minimized.

16. Why does the Authorization place restrictions on any lender's non-SBA financing when that lender takes a senior lien on joint ("piggyback") financing?

The Authorization provides that when any lender, including the participant lender (the "Piggyback Lender"), makes a related non-SBA ("Piggyback") loan taking a senior lien position on collateral also financed with and securing an SBA loan, certain charges and advances made by that Piggyback Lender in connection with the senior lien must be subordinated to the SBA loan. The Authorization also restricts the ability of the Piggyback Lender to make the loan payable on demand or contain an early call feature. The purpose of this provision is to insulate the SBA loan from any senior lien default charges or open ended features which may adversely affect repayment of the SBA loan. The loan charges, although subordinated, would still be enforceable against the borrower. Any advances made in connection with reasonable costs of collection of the senior lien would not be subordinated. If the Piggyback Lender is not the participant lender, then prior to disbursement the participant Lender must obtain an Inter-Creditor Agreement from the Piggyback Lender containing these provisions.

These restrictions are similar to the restrictions placed on the senior lienholder in 504 financing.

17. How does a lender or SBA loan officer add loan specific provisions to the Authorization?

There is an OPEN OPTION for the processing officer or lender to add loan specific requirements. It is expected that lender and SBA staff, including SBA counsel, will communicate closely in drafting these requirements. For more information on how to use the Open Options with the 7a Wizard, refer to the 7a Wizard Help available from the 7a Wizard menu.

Any special conditions created for use in the authorization can only be used one time before obtaining SBA approval of the language. This includes conditions created by PLP Lenders or SBA offices. To obtain approval to use a special condition in more than one authorization, contact 7(a) Policy Branch, Office of Financial Assistance, Mail Code 7881, Washington, DC 20416.

Appendix D

Loan Agreement and Borrower's Certification Sample Documents

This appendix contains 2 sample documents provided to lenders under the conditions described below:

SBA does not require that a lender use a loan agreement. It is up to a lender to determine whether a loan agreement is needed for its lending practice. Paragraph C. of the Boilerplate states that it is a lender's sole responsibility to close the loan in accordance with the terms and conditions of the authorization, to obtain valid and enforceable loan documents, and to retain the documents.

SBA does not require a loan agreement but does require that the documents be enforceable and that the borrower makes certain certifications.

Lenders are provided with a sample form, **Borrower's Certification** (2 pages), which is a compilation of the various certifications found in the Boilerplate and provides a space for the borrower to initial next to those certifications applicable to the particular loan. Lenders will need to retain an executed document containing these certifications, and may use this sample form as a basis for that document or for incorporating the required certifications into their loan agreement.

Lenders are also provided with a sample **Loan Agreement** form (1 page) which they may use. SBA is leaving the issue of whether a loan agreement is required, and what form it should take, up to the lender, but SBA does require that necessary borrower's certifications be made in writing.

For 7a Wizard users:

A MS-Word version of the documents presented in this appendix is provided with the 7a Wizard. The MS-Word document is called **D7a2007.doc**. This document is not a wizard and is not connected to the 7a Wizard. It is a standard MS-Word document that can be edited in the same manner as any standard MS-Word document.

If the 7a Wizard was installed locally on your workstation, this document should be available in your MS-Word document directory that you can access via the **Open** command from the **File** menu.

If you are accessing the 7a Wizard via a local area network, contact your network administrator to know where the above document is located.
